"Home of the Seatbelt Law"

On behalf of the Brooklyn community, I would like to extend a warm welcome to all involved in the 1995 North American Short Track Speed Skating Competition which is being held March 24, 25 and 26, 1995 at the Brooklyn Multi-Purpose Indoor Recreation Center.

Recreation has always been a high priority in our community and we take special pride in having our center chosen to host this prestigious competition in which speed skaters from coast to coast and Canada will participate and crowds of over 1,000 are expected to attend.

The Ohio Skating Association is the host for this event sponsored by the Amateur Skating Union of the United States a not-for-profit organization which serves as the developmental school and training ground for future Olympians. Special thanks to both of these fine organizations for selecting our facility for this national competition.

I encourage Brooklyn residents and area skating enthusiasts to attend this national competition being held here. This fast-paced short track speed skating event is sure to provide thrills and excitement for participants and spectators alike. Again, welcome to all and best wishes for a successful event.

SKATES SO HOT, THEY'LL MAKE YOUR COMPETITION SWEAT.

Put the heat on your competition — with our performance engineered 501 Bi-Metal speed skates. They're built unbelievably light, yet stronger than anything in their class. Our exclusive moldable carbon fiber shell is engineered specifically for short track skating. Super responsive with maximum support and custom-forming features. Complete with Zandstra blades from Holland. The Riedell edge. It's razor sharp. Just ask the guy who finished second.

Wateredge-Uniflex. We're cables and a whole lot more! Like delta closures with maximum strength and lowest possible impedance.

Like quality furnace holders that accommodate virtually every electrode.

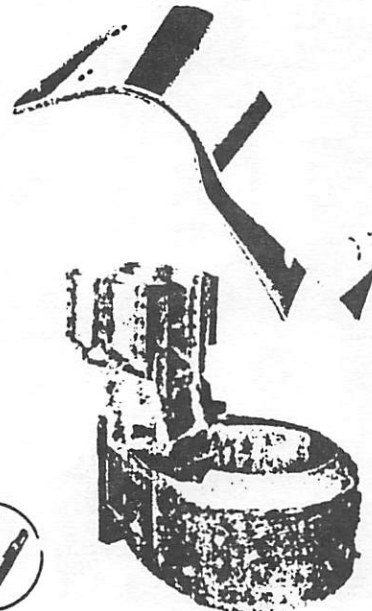

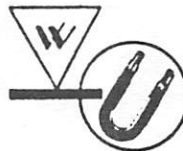

Like bus systems for any size or shape of furnace.

Like furnace wall terminals of highest conductivity . . . air or water-cooled.

Like secondary connectors and flexible jumpers designed to your exact specifications.

So don't think of us as just a cable company.

We're The Power Professionals . . . for everything!

Good Luck
