

OFFICIAL PROTOCOL
1995 National Short Track Speed Skating Championships
Muskegon, Michigan
March 17, 18, and 19, 1995

Dear Association Secretaries;

Here is your association copy of the official race times. Please photocopy and send to each of your clubs that had participants at your earliest convenience. We have been getting many phone calls for individual skaters times and you can help us out by distributing a copy to each club in your association.

Thanks 

Included on the following pages are the race by race results of the National Championships.

As many times are included as are available. All times that are given are electronic times or are manual times with the 0.20 second adjustment to make them comparable to electronic times. Although a disqualified skater has no official finish time, an unofficial finish time is given as a courtesy when available.

An asterisk by a time indicates that a record application is being submitted to the Records Committee.

There are two sets of Semi-finals for the Master Men's 500 meter distance. This is due to an advancement of a fouled skater in the second heat of the first set of Semi-finals. With that advancement six skaters were eligible to compete. A second set of Semi-finals was run to bring the number of skaters to five which is the maximum for the 500 meter event for the Master Men Class.

The semi-finals of the Juvenile Boys 1000 meter distance are listed out of order because they were skated out of order.

March 24, 1995

Dear Association Secretary,

Enclosed are the official results of the National Speedskating Championships 1995 Short Track held in Muskegon, Michigan, March 17-19.

This competition was marked with records on top of records. There was a record number of participants, 30 new national records set, the fastest single lap ever skated in the United States and just a ton of personal bests. Congratulations to your skaters!

I am pleased to report that the competition was rebroadcast in prime time on the number one television station in Japan and we are currently negotiating with ABC Sports for the American broadcast.

Please pass on to your skaters our appreciation for their fine efforts to make this the best meet ever. Hopefully, our records will all be broken next year when we all meet in St. Louis for the 1996 National Championships!

Warm regards,

Mark Jastrzembski
Director of Communications
95 Nationals

1995 short track
national
★ Championships
muskegon michigan

April 10, 1995

Dear Association Secretary,

Allow me to take this opportunity to plug what I consider to be "the" definitive video ever produced on our sport. Let me first state that neither I nor any member of our club had anything to do with the production or sale of the tape. We don't get anything from its sales.

The New York City production company, Sister Blue Productions has come up with a tape of the '95 Nationals that will simply knock your socks right off of you. Younger skaters will go nuts. Older skaters may find the music a little on the wild side but they will appreciate the fact that the video footage is beautifully edited. It is unbelievable how a non-skater could come in to a nationals and capture the essence of the sport in just a twenty minute tape.

I have seen a lot of speedskating tapes. Our club produced the widely publicized "It's White Hot!" tape that we have sent to over 50 clubs and individuals. We thought that was a great tape, but this one is light years ahead of anything we have ever seen. Do you have a classroom full of kids you are trying to show what speedskating is about? Are you planning a year-end skating get together or a season opener? Do your own skaters need some motivation? Show them all this tape. I'm telling you...each club should have a copy of this tape. Certainly each association should buy one for recruiting and for soliciting corporate donations. When most of your skaters see this tape, they will want to buy one themselves. You might buy a bunch of them and sell them as a fundraiser!

Let me make it clear that this tape of the nationals has no narration of the competition. It is strictly entertainment...20 minutes of pure skating set to really hip music. The beauty of this is that it is timeless. There is no reference to what meet the footage is shot or what year.

If you are looking for a more conservative approach to the championships, we have the two hour tape of the heats and finals on the final day of the meet which is an exact narration of the races. This is done with three cameras and cleanly edited. Our own club did that and you will find it to be a very professional editing job. All national champion skaters received a complimentary copy so you can check it out and hopefully order one from us at just \$20 + \$2 postage and handling. We know you could probably burn off your own copies but this is the only way our cameraman can make a few dollars to cover his costs. To order the 2 hour video of the finals, send check to address below. To order the New York super hot video, use the attached flyer.

Thanks....
Mark
