THE SPEED SKATING HALL OF FAME

A Progress Report

On May 16, 1960 the Amateur Speed Skating Union of the United States selected Newburgh as the location for the Speed Skating Hall of Fame.

On that same date the first two skaters were elected to the Hall of Fame: Joseph F. Donoghue of Newburgh and John S. Johnson of Minneapolis. In subsequent years skaters were elected to the Hall of Fame as follows:

- 1961 — Edmund Lahey, Saranac Lake
Roy McWirth, Chicago
Art Staff, Chicago
- 1962 — Morris Wood, Long Branch
Jack Shea, Lake Placid
Everett McGowan, St. Paul
- 1963 — Val Bialas, Utica
Charles Jewtraw, Lake Placid
Ben O'Sickley, Cleveland

Shortly after the selection of Newburgh as the site of the Hall of Fame, Joseph P. Monihan was appointed Chairman of the Newburgh Lions Club Hall of Fame Committee. He was also appointed Hall of Fame Delegate to the Middle Atlantic Skating Association and Librarian for the Amateur Speed Skating Union of the United States. Since that time The Newburgh Lions Club has been able to collect more than 300 pairs of skates, many pictures, books, skating paraphernalia and other items of interest. This is the largest collection of speed and recreational skates in the country.

You may own skates or uniforms used in various races, or your friends may have such items pertaining to speed skating that would be of interest. Please do your part—send any information or inquiries to:

A CARD OF THANKS

For many years Newburgh was famous for its ice skating champions. A generation ago, the older Timothy Donoghue held the world's championship against all challengers. Later on his sons upheld the skating laurels of Newburgh Bay. Joseph F. Donoghue became world's champion and many of his records are still unbeaten. He traveled the globe over and for years was unbeatable. Young Tim Donoghue, James A. Donoghue, Elmer Simpson, Thomas Gibbs, Sager, Mary Lynch, Gwen DuBois Finley, Caroline Crudele Sarvis, Joan Russell, Jay Hasbrouck and other skaters of National fame upheld the glory of Newburgh on the ice. With the passing of these exponents of the steel blades, Newburgh's fame for skating champions departed. But the desire to maintain the prestige of Newburgh as a speed skating center has never waned and today we are pleased again to present the Middle Atlantic Outdoor Amateur Speed Skating Championships. The accomplishment of this, however, has been made possible only through the cooperation and generosity of the citizens of Newburgh, the press and radio, the officials of the International Skating Union and the Middle Atlantic Skating Association and others keenly interested in the development of the greatest of outdoor winter sports—speed skating. To all those who have in any way contributed to the success of this big event we wish to extend our sincere thanks. To the contestants coming from points far and near we wish to voice through this medium our great appreciation of their presence as competitors in this sporting classic. We hope that their stay here will be enjoyable as to influence them to come again.

Again, we thank all our good friends for their many evidences of good will and helpfulness in promoting the noble sport of speed skating.
